Dear Friend:

The average flower lover is interested in fall planting, but often hesitates to plant in the fall because of being unacquainted with the varieties that will do well when planted at that time. This circular contains a list of choice varieties for the home ground, especially adapted to fall planting. We recommend the stock offered as being high in quality, and low in price.

Do not fail to try a few of the Colchicums offered in the colored pamphlet. They can be used to advertise your business, to give to a sick friend, to beautify your property, and in many other ways. They give lots of pleasure wherever they go. They are perfectly hardy, and when planted outside, will come up and bloom each year.

We have had many letters of recommendation from people who bought them last year, and we will guarantee that they will make good with you.

The Pussy Willow is another good item. Enclose your property with a hedge; plant some fruit trees and bulbs.

There is nothing you can buy for your home ground that will return as much in pleasure, satisfaction, health and increased valuation of your property as an investment in nursery stock will. Be sure to plant some this fall. We will guarantee that our nursery stock will give you satisfaction.

Yours very truly,

per W. F. Bohlender

ORNAMENTAL HEDGES

California Privet

Is the Best and Cheapest Fence

One hundred plants set eight inches apart, the proper distance for planting, will make a fence 66 feet long. Using our 18 to 24 inch size would cost only $6.00. This is much less than any other fence would cost.

In addition to costing less than any other fence you could buy, it is superior to any fence you could build. If they are given fairly good soil they will grow dense and compact right down to the ground. It is free from insects or injurious diseases of any kinds and may be pruned to any desired form or shape. Our plants are extra fine this year, are well branched, especially for hedge purposes and the price is very low. We will guarantee the quality of our plants to be equal to the best that can be purchased anywhere.

It is The Most Beautiful and Ornamental

There is no fence that adds so much charm and dignity to the surroundings of the home as a well kept hedge of California Privet. Go into the residence part of any of our great cities, and you will find this the fence that almost invariably surrounds the palatial and aristocratic homes.

Plant in either Spring or Fall. If planted in single row, space the plants 8 inches apart. If planted in double rows, space the plants 8 inches apart zig zag from one row to the other.

2-Year Plants, 12-18 inches, per hundred..............$4.00
2-Year Plants, 18-24 inches, per hundred..............6.00
2-Year Plants, 2-3 feet, per hundred.....................7.00

Amoor River Privet

Hardest of all hedge plants. Beautiful upright growth and makes a very compact beautiful hedge. 18 to 24 inches, $10.00 per 100; 2 to 3 feet, $14.00 per 100.

Ibolium Privet (Perfectly Hardy)

For severe climates IBolium privet is the coming hedge plant. For Northern New York, Michigan, Wisconsin, Northern Illinois and Iowa, Nebraska and Southern South Dakota and Minnesota this will be the hedge plant of the future. It is as hardy as the hardiest privet and has all the characteristics of the famous California privet. It holds its leaves till late in the winter, presents at all times a rich green appearance and is a quick grower.

This is a new introduction that we have tried out for several years and found to be all and more than is claimed for it.

We have only a limited supply. Plant 8 inches apart.

Price, 12 to 18 inch plants, $10.00 per 100; 2 to 3 feet, $14.00.

Barberry, Japanese

NOTE—This is not the Common Barberry and can be planted anywhere without danger of being destroyed by the government.

(Barberia Tumbergii). We consider the Japanese Barberry the best hedge plant in existence. It is beautiful throughout the year; its abundant crop of bright red berries makes it even more attractive in the winter than the summer. As an untrimmed hedge it requires no attention except an occasional cutting of a few straggling branches. The natural growth is so dense and even that it forms a perfect hedge without shearing. For a hedge, plant in single row, 15 inches apart.

The Japanese Barberry is hardy almost anywhere in this country. Price, 12 to 18 inch plants, 15c each; 50 for $7.00; 100 for $12.50.

A Barberry Hedge Untrimmed
FRUITS FOR LATE FALL PLANTING

APPLES

Plant apple trees thirty to forty feet each way, either Spring or Fall.

BALDWIN—The apple of general popularity. Bunch large, fine grained, sub-acid; rich, aromatic flavor. A good keeper.

CAMPBELL—Large, with surface almost covered with a most brilliant, beautiful dark red, blending to golden yellow at the blossom end.

DOUGLAS OF OLDENBURG—The most profitable mid-summer apple.

EARLY HARVEST—Much prized by the housewife. The fruit is medium size to large, skin tender, very smooth.

PEARS

BARTLETT—One of the most popular sorts. Yellow, with red blush. One of the best for dessert or cooking.

CLAPP'S FAVORITE—Fruit handsome, large, long, yellow; flesh juicy, rich, sweet flavored.

DUCHESS D'ANGOULEME—This is the largest and best of our good pears. The skin is a dull greenish-yellow; flesh white, melting, juicy and well flavored. Ripens in October and November.

KIEFFER—On account of the excellent keeping qualities it is one of the best and most profitable market varieties. For commercial orchard it is undoubtedly one of the best.

CHERRIES—For Late Fall Planting

EARLY RICHMOND OR MAY—Unsurpassed for cooking. The tree is a free grower and reliable producer. The fruit is medium, dark red, juicy and has an acid flavor. June—MAY DUKE A large, light red cherry of most excellent quality. They are between a sweet and a sour cherry. Fine for canning. The tree is a strong, upright grower.

LARGE MODERN DURENERY—Several different strains come under this variety or name. They are all of them good, but we consider this particular strain one of the best of the sour cherries, and it should be largely planted in every orchard. The fruit is large; dark red and handsome.

PLUMS—For Late Fall Planting

ABUNDANCE A beautiful yellow, heavily overgrown with purple-fusarios; large to very large; the flesh is yellow, very juicy, is sweet and quite firm; skin tough.

BURBANK—Successful almost anywhere. The fruit is of very large size, the color cherry red mottled. The flesh is yellow, soft and firm.

BRADSHAW—Remarkably good early plum. The fruit is very large, dark red. The flesh is yellow, juicy and good.

GERMAN PRUNE—One of the oldest varieties. Large, purple fruit that is firm, sweet, and delicious. A freestone. September.

LOMBARD—Of medium size, oval, violet-red. The flesh is yellow, juicy, pleasant and good. Adheres to the stone.

MOORE'S ARTIFICIAL—Purplish black plum with a thin bloom. The fruit is small to medium; flesh juicy, sweet and fine flavored. A regular and abundant bearer.

Mclntosh Apple

ENSEE—One of the most popular apples now on the market and very much in demand.

GANO—The great commercial variety. The Gano is a large, handsome apple of perfect shape, with a smooth, glossy, brilliant red skin; the flesh is white, firm and somewhat juicy.

GRIMES GOLDEN—A beautiful golden apple with a delicious flavor.

JONATHAN—Of medium size and fine flavor. A good shipper.

MAIDEN BLUSH—Uniform size, very firm, with blush on creamy yellow.

MCLNTOSE—Good size, yellow washed and deeply blushed with bright red; flesh white, tender, crisp, juicy.

NORTHERN GREENING—Medium to large; clear, pale yellow or greenish yellow; flesh yellowish, mild sub-acid, juicy.

NORTHERN SPY—One of the oldest and best known varieties.

RATHBONE—A fine well known red variety. Late fall.

ROGER BEAUTY—Large, roundish, oblong apple.

STAYMAN'S—Large size, red and yellow ground.

STARK CONCORD—The great barrel filler. This apple is a remarkably fine keeper and a profitable one on the market in many sections.

STARR—Golden yellow, crisp, firm and red.

WEALTH—Fruit large size, red streaked with white.

WINESAP—Medium, dark red, sub-acid, excellent quality, abundant bearer.

YELLOW TRANSPARENT—Skin is clear white, changing to a pale yellow when ripe.

No Better Time to Order Than Right Now

Black Varieties

CONCORD From shear merit the Concord has become the most popular plum grown in the United States. Matures early, keeps well, ships well and sells well. Bunches big, berries are juicy, sweet and delicious.

Price, 1 year, each, 25c; dozen, $2.25.

MOORE'S EARLY—The most reliable early variety. Berry large, jet black with purple bloom, ripens fully two weeks earlier than Concord. 1 year each, 25c; dozen, $2.25.

WINDSOR—A black grape that resembles Concord closely but with more tender pulp, larger size and ripens a week to ten days earlier. 1 year each, 25c; dozen, $2.25.

GRAPES

White Varieties

NIAGARA The standard white grape. Both bunch and berries are large to very large, handsome, and well formed.

Price, 1 year, each, 20c; dozen, $2.25; 2 years, each, 25c; dozen, $2.75.

POCKlington A very handsome Grapes of extra large size. Bunch large and compact; flesh juicy with considerable pulp; flavor spicy, and delicious.

Price, 1 year, each, 20c; dozen, $2.25; 2 years, each, 25c; dozen, $2.75.

Red Varieties

DELWARE—An old time red variety. Bunch and berries are large and well formed. Produced but a rather weak grower and somewhat subject to mildew. 1 year, each, 25c; dozen, $2.75; 2 years, each, 30c; dozen, $3.25.

WOMING—Bunch small and compact; berries medium; flesh firm; flavor very agreeable, although not so sweet as Romance. 1 year, each, 25c; dozen, $2.25; 2 years, each, 25c; dozen, $2.75.

Prices—Grapes in Quantity—Any Variety

25 plants, 1 year, $4.00; 25 plants, 2 year, $5.00; 100 Plants, 1 year, $11.50; 100 Plants, 2 year, $17.50.

ORDER NOW
**HYDRANGEAS**

ARBORESCENS (Var. Sterilis), (Hills of Snow). Almost all of the flowers are sterile. Very showy variety, excellent for borders. 18 to 24 inches, 50c each, 3 for $1.25.

**PANICULATA GRANDIFLORA** This is the best known form of the hydrangeas. A hardy, ornamental shrub to 15 feet with dense, globose head. The large, white flowers appear in August and September. The sterile flowers changing later to purplish. 18 to 24 inches, 50c each, 3 for $1.25.

**TAMARIX**

AFRICANA—An upright, very beautiful shrub. Blooms in May. Are conspicuous in winter for the coloring of the bark and in summer for the light green foliage and large rose pinnacles of purple pink flowers. 2 to 3 feet, 30c each, 3 for $1.00.

**HARDY VINES for Fall Planting**

**BOBSTON IVY** Best for covering brick or stone walls. 2 year old, 50c each; 3 for $1.45.

**CLEMATIS (Paniculata)** This Clematis is by far the most popular of all the species in the American gardens. It is extremely showy when covered with the small white fragrant flowers, which appear late in the season. Beautiful, shiny, green foliage. Price, 2 year old No. 1 plants, 50c each; three for $1.30.

**HONEY Suckle (Japanica)** var. Halliana (Hall’s Japanese Evergreen Honeysuckle) are well adapted for covering of walls, arbors, etc. Are very ornamental, as the leaves remain on during the winter. The flowers are white, turning to yellow and are very fragrant. 30c each; 4 for $1.25.

**KUDZU VINE** (Pueraria) A native vine, very hardy and will grow to 60 feet in a season. 30c each, 4 for $1.00.

**WISTERIA** (Chinese Wisteria) (Chinesia) Has pale green pinnate leaves and bears profusely dense, drooping clusters of purple, pea shaped flowers. Blooms in May and usually gives a smaller crop of blooms in August or September. 3 years old, large, 75c each, 2 for $1.25.

**CLIMBING ROSES for Fall Planting**

**DOROTHY PERKINS PINK** Flower rich rose pink, small double, very sweetly produced in large clusters. Growth very vigorous, climbing, late flowering. Brilliant crimson, clean foliage. One of the best. 18 to 24 inches, 50c each.

**AMERICAN PILLAR** One of the most favorable and attractive of the hardy climbers, flowering profusely in large clusters. The single flowers range from 2 to 5 inches in width. Brilliant crimson rose with a slight cream variation and yellow stamens in center. 18 to 24 inches, 50c each.

**CLIMBING AMERICAN BEAUTY** The new climbing form of the old American Beauty. Very good.

**DR. V. FLEET** Flesh pink flowers, large, full and double.

**PAUL’S SCARLET** The most brilliant red rose in cultivation. Awarded gold medals in England. 2 years old, 50c each; 4 for $1.00.

**NOTE:** Write us for prices and varieties of evergreens. We have a good stock of them and they can be planted safely until November 1st.

---

**ORNAMENTAL SHRUBS FOR FALL PLANTING**

**SPIREAS**

**VAN HOUTTEI** This is one of the most beautiful and perhaps the most beautiful of the early blooming spireas and is quite hardy. It grows to a height of six feet with arching branches that are completely covered with pure white flowers in May. Very effective when planted as a hedge. 18 to 24 inches, 25c each; $1.00; 2 to 3 feet, 40c, 3 for $1.00.

**THUNBERGIAN** Five feet high. A very graceful shrub, early flowering. The slender arching branches clothed with feathery, bright green foliage, turning in the fall to orange and scarlet. 18 to 24 inches, 50c each, 3 for $1.25.

**VAR. ANTHONY WATERER** A very free flowering, compact dwarf shrub, with bright crimson flowers in dense corymbs. A very desirable variety that blooms all summer. 12 to 18 inches, 30c each, 3 for $1.25.

**BARBERY (Berberis)**

**JAPANESE** (Thunbergii) Of all the barberries in cultivation, this one is probably the best known, the most planted, and the most effective. It is one of the valuable introductions we have received from Japan and is especially to be desired because of its low, dense, horizontal growth, the bright fall coloring, leaves, and the brilliant red berries that remain fresh and attractive until the following spring. 18 to 24 inches, 40c each, 5 for $1.50.

**BUTTERFLY BUSH (Buddleia)**

**SUMMER LILAC** (Varibills Manxenna) This shrub of comparative recent introduction has grown into favor almost immediately. In some latitudes it will die down to the ground; and while perfectly hardy, we recommend covering the roots with manure, leaves or other material as winter approaches. Blooms the first season, usually from June until frost; the blossoms are borne on long, graceful stems, which terminate in tapering panicles of lilac-colored flowers. 40c each; 3 for $1.00.

**GOLDEN BELL (Forsythia)**

**WEEEPING** (Suspensa) Highly ornamental, free flowering shrub, growing to 5 feet; the branches drooping on the ground. They grow in almost any garden soil and are hardly north. The golden yellow flowers appear in early spring. 2 to 3 feet, 35c each; 3 for $1.00.

**VIRDISSIMA** Shrub to ten feet with erect, green branches. Leaves very dark green, three to six inches long, the flowers about one inch long, twisted lobes of bright greenish yellow. 2 to 3 feet, 50c each; 3 for $1.00.

**MOCK ORANGE (Philadelphus or Syringa)**

**GRANDIFLORA** Large, flowering shrub growing to about eight feet, with immense, fragrant blooms of bright and vigorous, flowers slightly fragrant. Rapid grower and most hardy. 18 to 24 inches, 50c; 2 to 3 feet, 40c each; 3 for $1.25.

**LEMOINEI** Graceful shrub with slender, arching branches. The blossoms appear in three to seven inch short racemes, very sweet scented. 18 to 24 inches, 40c, 3 for $1.00.

**SNOWBERRY**

**WAXBERRY** or White Snowberry (Racemose). A perfectly hardy shrub from 2 to 3 feet high, excellent for massing in the lower parts of a bed or border. The rose colored flowers appear in loose, often leafy racemes in July and August. The white waxy like berries remain on until late in the autumn. 18 to 24 inches, 40c each; 3 for $1.00. (Rubus (Waxberry), (Vaccinium) A rather common and valuable shrub, and is very useful on account of its abundant and persistent fruit and foliage. 50c each; 3 for $1.00.

**WEIGELIA**

**ROSEA** A choice vigorous sort, which yields an immense crop of deep pink trumpet flowers like flowers in June, and bears a scattering of blossoms through the rest of the season. 18 to 24 inches, 30c each; 2 to 3 feet, 50c each, 3 for $1.25.

---

**NOTE:**

If you are interested in tea or ever blooming roses, write us for special prices and varieties.

---

**DECIDUOUS TREES**

**Catalpa Bungei** (Umbrella Tree) A wonderful tree for use in formal effects. It is very quick growing, produces a broad domed-shaped head and is a very desirable tree in every way. Price, 1 year head, $3.50; 2 year head, $10; 3 year, $25 each.

**American Elm** Very valuable for park planting, for avenues, and as a shade tree for lawns. One of the most majestic and graceful of our shade trees. Hardy, a rapid grower, resists drought well, and is long lived. 6 to 8 feet, 75c each; 8 to 10 feet, $1.25 each; 10 to 12 feet, $1.50 each.

**American White Ash** (Fraxinus) (Americana) A handsome, hardy, broad headed, quick growing shade tree, sometimes reaching 150 feet in height. Very valuable in landscape work, for park and street planting. 6 to 8 feet, $1.25.
HYACINTHS

GERTRUDE Rose pink hyacinth, with a very dense compact flower truss growing very erect. It is excellent for either bedding or forcing.

KING OF THE BLUES Deep blue hyacinth, with a splendid well-formed large spike on short stem. Bells of medium size but good substance. The very best dark blue hyacinth.

L'INNOCENCE Pure white with large well-shaped bells on fine erect trusses. The most popular of all the white hyacinths and is used in large quantities all over the world. Of sturdy habit and good for all purposes.

LA VICTOIRE Brilliant carmine red, an extra fine new variety with a tall magnificent spike.

Prices: 5 for 50c; 10 for $1.00; 100 for $9.00. Hyacinths in colors, red, pink, white, light and dark blue, 5 for 45c; 20 for $1.75; 100 for $7.50.

NARCISSUS

DOUBLE VON SION The true double yellow daffodil and the most popular sort.

GOLDEN SPUR One of the earliest daffodils of a rich, golden yellow, mammoth size. Unsuspected for pots, gardens or forcing.

PAPER WHITE GRANDIFLORA Improvement on the common Paper White, the flowers being about twice the size, of beautiful star like form, pleasantly white and delicate fragrance. It is very early and proves bloomer and if set in water can be had in full bloom by Christmas.

POETICUS ORNATUS Fine for garden or pot culture and the best of the rock Narcissus. It has a white flower with delicate-gone crown.

Price: Your selection of varieties, 10 for 50c; 25 for $1.00; 100 for $6.00.

READ THESE LETTERS

Ann Arbor, Mich., April 3, 1925. Spring Hill Nurseries. Received roses in fine condition. Thank you.

Mrs. L. Deppmann.

Fishers Ferry, Pa. Spring Hill Nurseries. The hundred apple trees I received last spring are all growing fine. I am very proud of your trees.

John Shigara.

CROCUS

PUPUREA GRANDIFLORA—The largest and finest deep purple in cultivation.

KING OF THE WHITES—Large snowy white, extra large and showy.

MAMMOTH YELLOW—The best yellow crocus in cultivation.

Price: 10 for 50 cents; 25 for $1.00; 100 for $2.50. Mixed Bulbs the same price.

PEONIES

1st Prize Pink, Best Dbl. Pink, Best Single Pink, Best Dbl. Red. Price 40c per clump, the 3 for $1.00.

LILIES

JAPANESE LILIES

The Lilies have always been looked upon as one of the noblest of garden flowers.

RUBRUM Handsome, dark, pinkish-red flower. Extra strong growing sort.

SPECIOSUM White, more or less tinted with pink and dotted with red. 1000 size bulbs, 35c each; 10 for $2.50.

REGAL LILY

The Sensation of the Year, Charming Delicate

Regal Lily, being a native of North-western China, is

SUNRISE A deep carmine red, large blooms, excellent for either bedding or forcing. Height, 36 inches.

Sunset A deep pink, taller than Sunrise, 36 inches high. Very choice for forcing. Height, 36 inches.
